How we do it: a holistic approach to the management of the school-based nursing workforce.Q: What is the meaning of "bring the handbag" (singular)? I heard this sentence in a movie called Agents of S.H.I.E.L.D. from TV series. Bring the handbag In this sentence, what is the meaning of this expression? How is the sentence different from Bring the handbags and Bring the hands Please help me and I would be very thankful. A: She probably is saying: Bring the bag you've been carrying with you. "Handbag" can be a technical term for "a small handbag". You may also notice that "The" is not capitalized in this use of "handbag" -- it's actually the singular of "handbags" -- and that the phrase "a handbag" is usually singular. In either case, in the US, "bag" is often used as a singular noun, while "bags" is used as a plural noun. (This is a stereotype, but one based on general usage.)
